## Podcasting with Pete

Ever wanted to start your own Podcast? Or fine tune your current Podcast within a supportive community? Join instructor Peter Williams via zoom on Wednesdays from 1-1:50pm for this interactive journey into the world of Podcasting. Peter will be sharing his knowledge and experience building and successfully hosting a podcast. He will help us learn how to develop a podcast or Vlog, how we can safely post and what equipment we will need to meet \_\_\_\_\_ our individual podcasting goals. \_\_\_\_\_
