

Above and Beyond Community Classes, Inc. Presents:

PHOTOGRAPHY TECHNIQUES & YOUR STORY

with Helene Schorr, M.S.

Wednesdays 3-3:50pm via Zoom

Join us via Zoom and in person on Wednesdays from 3-3:50pm for this interactive opportunity to study and find inspiration from the art of Photography. Taking pictures to document our life experiences and moments of joy or difficulty, has never been easier with the use of our mobile devices. This class will look at the evolution of Photography over time and how some pictures have quite literally changed the world. Students will be guided in both technique and with creating a Vision Board with their own Photography efforts. Instructor Helene Schorr, M.S. draws upon her 20 years of teaching experience along with her previous training and background working as an Instructor of Humanities at a local college. Helene also brings her personal study, training and dedication to Photography to this class.

\$360.00 for 8 Wednesdays 3-3:50pm - 7/6, 7/13, 7/20, 7/27, 8/3, 8/10, 8/17, 8/24

To register, email: chawkins@buexperience.org
