ANIMALS & NATURE: Nature-Inspired Creations & Inventions

with Sheryl Brook of Hoyt Farm

This interactive class will demonstrate how animals and nature have inspired some of our most beloved creations such as movies, art, and stories, along with some of our most important inventions. Students will use their research and communication skills to answer questions such as "Why ants do not have traffic jams?" and "How did a dog and a nature walk lead to the creation of velcro?" Instructor Sheryl Brook will also weave her experience in animal care and education into each of these unique classes.

\$360.00 FOR 8 SESSIONS:

**SPRING I: 3/2, 3/9, 3/16, 3/23, 3/30, 4/6, 4/13, 4/20 OR
SPRING II: 5/4, 5/11, 5/18, 5/25, 6/1, 6/8, 6/15, 6/22**

To register, email: chawkins@buexperience.org
