

Above and Beyond Community Classes, Inc. Presents:

ANIMALS AND NATURE: FOCUS ON RARE, EXOTIC, AND ENDANGERED SPECIES

with Sheryl Brook of Hoyt Farm
Thursdays 4-4:50pm via Zoom

This interactive class will be offered via Zoom and in-person at our location in Hauppauge. Instructor Sheryl Brook will draw upon her experience overseas and locally where she has studied and cared for rare, exotic and endangered species. As graceful animals such as giraffes are added back on the threatened species list, students will have the opportunity to understand the web of diversity and the importance of indicator species. Sheryl will identify ways we can all be supportive of the plight of rare, exotic and endangered species as we strive to remain connected to the natural world. Sheryl's classes are a favorite of students as she has a true passion for animal welfare and teaching. We look forward to seeing you joining us in class!

**\$360.00 for 8 Thursdays 4-4:50pm 4/28, 5/5, 5/12, 5/19, 5/26,
6/2, 6/9, 6/16**
