History of LI & Beyond: Focus on Small Towns

with Jason Baron, M.S.

This interactive class will be offered via Zoom and in person at 35 West Main Street, Smithtown. We will be looking at the importance and influence of small towns throughout NYS but will first begin examining our new Smithtown surroundings as one of the oldest towns on Long Island with a deep history. We will look East to other small towns on LI that began as working potato farms and to the west at little towns like Northport which still have the underground tunnels that were used for a lucrative bootlegging industry back in the day. Class will also incorporate a student choice field trip.
