SPORTS HISTORY: Focus on the Great Comebacks & Underdogs with Jason Baron, M.S.

Wednesdays 5-5:50pm via Zoom or In-Person

Join instructor Jason Baron and other sports fans for an in-depth exploration of those magical moments in sports where the unexpected happened. Whether they ultimately won or not, this class will study moments of perseverance and resilience to determine what makes a great "comeback" or "underdog" in the world of Sports. This interactive history class will teach students about these examples and increase students awareness of current underdog developments. Class will be offered via Zoom and in-person at our Hauppauge location. Jason has over 15 years of experience teaching and is an avid sports fan who loves instructing this class!
