with Erin Vlasak, M.S.

Tuesdays 3-3:50pm via Zoom or In-Person

Join Erin via Zoom or in-person for this ongoing class that, this summer, will focus specifically on travel across America. While learning the unique history of states, their famous and not so famous landmarks, students will improve their sense of geographic location and navigation. Utilizing the steps to travel planning, students will have the opportunity for teamwork as the class designs the ultimate Road Trip! After this class, students will be able to identify the most scenic drives across the United States and what they would include in their own Epic Road Trip. Erin will draw upon her almost two decades of teaching and extensive travel experience to present students with this interactive and informative class.
