

Intro to Sign Language

TUESDAYS | 5:00-5:50 PM | INSTRUCTOR: BRITTANY ENNOVER
IN-PERSON & VIA ZOOM: SEPTEMBER-DECEMBER 2025

In this interactive Sign Language for beginners class, students will explore the beautiful visual language that is Sign Language. We will learn the fundamentals and concepts of American Sign Language (ASL).

Students can expect to learn:

- The basics such as greetings
- The alphabet and numbers
- Colors
- Phrases
- And most importantly, a beginner's confidence in the structure of the language.

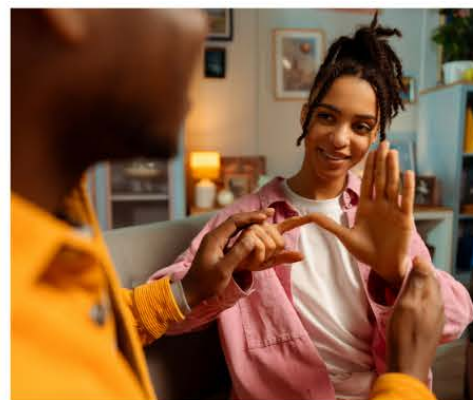

Drawing upon her educational background in ASL courses and her involvement within the ASL community, instructor Brittany is very excited to bring this class to BUE! We look forward to you joining us as students will also learn how the language itself began and about the cultural history that embodies the language.
